

Neon seminars: group discounts and in-house trainings

Group discount: we offer a 15% discount if groups of three or more colleagues join an open seminar and we can send one single invoice.

In-house trainings: our in-house seminars build on our three trainings [Power System & Markets](#), [Electricity System Modeling](#), and [Power Trading](#). We are happy to tailor the content to the needs of your team.

	Not for profit	For profit
Power Systems & Markets (2 days)	5000	7000
Electricity Trading (2 days)	5000	7000
Electricity System Modeling (3 days)	7000	10000

For 10-15 participants, the above prices imply a discount of 30-60% relative to regular pricing for individual participation.

Our sneak peek: If you book an individual participation first, we will deduct the price from a following in-house training.
